

## ANTI-SUFFRAGISTS' QUARTERS OPENED

Campaign Opposing Votes for Women Now on in Earnest in National Capital.

Declaring that women, on account of their emotional nature, are unfitted to take part in the government of the nation, Miss Minnie Bronson, secretary of the National Association Opposed to Woman Suffrage, announced the beginning of an "anti" campaign in Washington today. Miss Bronson declared that "equal rights" had been interpreted by women to mean "equal license." "Some of the leaders insist upon a 'single standard of morals,' others favor 'hiking parties,'" she said. "These things do not appeal to the sober-minded men and women of the country," she declared. "It is these things which have put discredit on the movement and indicate the unfitness of women to take part in government affairs."

Miss Bronson denied that a party of "millionaires" intended to come to Washington in a "millionaire special."

Rooms for headquarters have been engaged at 135 F street northwest, just a few doors from the large headquarters, and are now being fitted up. Large banners with slogans appropriate to the cause, hundreds of "anti" buttons, and a large collection of cartoons which appeared in Life and are loaned by J. W. Mitchell, will be on display at headquarters. A small army of stenographers and clerks will be put to work at once. The recent resignation of Dr. James M. Taylor, from the presidency of Vassar, because he entertained the belief that woman suffrage was kindred in spirit to socialism, is a subject of comment among the women interested in the "anti" cause today.

Those actively engaged in arranging headquarters here today are Mrs. William Cogswell, Miss E. Brehaut, Miss Nannie Randolph Heth, Miss Mary E. McMullen and Miss C. L. Harrold.

## Will Serve as Judge Of Oratorical Contest

Principal Emory M. Wilson, of Central High School, will leave Washington at the close of school sessions tomorrow for South Bethlehem, Pa., where he will be judge Saturday of the junior oratorical contest of Lehigh University. Announcement of his trip is made in the current issue of the Central High School Alumni Record. This publication calls attention to the fact that the annual excursion to Marshall Hall will be held this year on June 13, which is the only Friday, the thirteenth, in the year 1913, according to the Record.

## SPEAKERS ASSIGNED TO PUBLIC SCHOOLS

Will Deliver Addresses at Exercises in Memory of George Washington.

Speakers at the Washington's Birthday exercises were announced today for the schools of the third, seventh, and ninth divisions. Many clergymen are among these speakers who will be heard in the grade schools tomorrow afternoon. At the schools of the third division there will be as follows:

## Effective Home Remedy For Lung Trouble

It is a serious matter when the lungs are affected. A trip away or to a sanatorium is not only expensive, but it involves separation from home and friends. Spas are benefited, but few can safely return. Eckman's Alternative is effective for home treatment. For example:

231 S. Atlantic Ave., Haddonfield, N. J. "Gentlemen: In the fall of 1901 I contracted a very severe cold, which settled on my lungs. At last I began to raise sputum, and my physician then told me I must go to California immediately. At this time I was advised to take Eckman's Alternative. I stayed at home and commenced taking it the last week in October. I began to improve, and the first week in January, 1902, I resumed my regular occupation, having gained 25 pounds, fully restored to health. It is now five years since my recovery has been effected, and I cannot praise Eckman's Alternative too highly. I have recommended it with excellent results."

(Signed) W. M. TATEM.

Eckman's Alternative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung Troubles, and in upbuilding the system. Does not contain poisons, opiates or habit-forming drugs. For details, ask O'Donnell, and other leading druggists. Ask for booklet telling of recoveries, and write to Eckman Laboratory, Philadelphia, Pa., for additional evidence.

## TUMULTY READS UP CAPITAL ETIQUETTE

Secretary-To-Be Resolves That He Shall Know Party and Other Forms in Vogue.

TRENTON, N. J., Feb. 20.—Joseph P. Tumulty, who is to be Secretary to President Wilson, today began earnest perusal of a little publication entitled "A Handbook of Official and Social Etiquette and Public Ceremonials at Washington."

Tumulty never has been a frequenter of the National Capital, and is therefore uninitiated in the official and social forms with which he will have to deal in his new position.

The book was sent to him by a Washingtonian. Its contents, which have already aroused Tumulty's interest and apprehension, are indicated by its subtitle. "A manual of rules, precedents, and forms in vogue in official life at the seat of Government of the United States for the guidance and information of officials, diplomats, strangers, and residents."

## Literary Body to Meet.

The Washington Literary Society of the University of Virginia will hold a reunion and reception at Charlottesville Saturday night, A. L. Well, an authority on the guidance and information of officials, diplomats, strangers, and residents.

## Strength and Vigor for the Aged

If rightly made, malt whiskey is the best obtainable medicine for all conditions of lowered vitality due to advancing years or invalidism. It supplies in a form requiring no effort of the digestive organs, the nourishing, strengthening and tonic elements of grain.

Duffy's Pure Malt Whiskey when taken just before meals stimulates the secretion of saliva for the digestion of starches and the secretion of gastric juice for the digestion of other foods, thereby improving the digestion and assimilation of the food and giving to the system its full proportion of nourishment.

This action upon the digestive process is of great importance, as it brings to all the tissues and organs of the body the nutriment necessary to their sustenance and indirectly to the whole system strength and vigor.

## Duffy's Pure Malt Whiskey

Barley is used in connection with other selected grain in making Duffy's because it has greater strength-giving qualities than cheaper grains.

To remove fuel oil and other objectionable substances which prevent cheap malt whiskies or malt tonics from being useful as a medicine, many repeated distillations, as in Duffy's Pure Malt Whiskey, are absolutely required to insure purity and wholesomeness. This costs more, but it is the only way to get the result—absolute purity.

That is why Duffy's gives results. That is why your safety lies in using only Duffy's Pure Malt Whiskey. That is why it is so good as a tonic stimulant for the aged. It gives strength and vigor where the activity of the organic functions has become reduced.
